

# Student Lockers

You can request a locker via your **Omnivox Account** (the “locker request” module will become available once you have retrieved your schedule).

Students who use a locker that has not been assigned to them will have the lock cut and the contents removed.

The screenshot displays the Omnivox Account interface. On the left, the 'My Services' menu is visible, with 'Lockers' circled in red. The main content area is divided into three sections: 'Calendar of Events', 'Latest News and Messages', and a news item for 'Destination Universités'.
